Our Programs

General Outpatient Services

(available in all five counties)

- Services for adults, children, and families in need of behavioral health support

Flexible Assertive Community Treatment (FACT)

(available in Cowlitz, Grays Harbor, and Lewis Counties)

- FACT provides 24/7 and after-hours services for people with mental health needs and a history of multiple visits to an ED, inpatient psychiatric hospitalizations, and/or contacts with law enforcement related to their behavioral health challenges.

Substance Abuse Program

(available in Cowlitz, Grays Harbor, Lewis and Pacific Counties)

- SUD outpatient and intensive outpatient program provides SUD assessments and coordinates detox and residential inpatient placements. Services for adults and youth.

Trueblood Jail Diversion

(available in all five counties)

- The Trueblood Jail Diversion team engages and assesses incarcerated individuals with mental health issues to assist them in setting up basic needs, meeting court requirements, and developing healthy practices in order to reduce recidivism.

Jail Transition and Opioid Outreach

(available in Cowlitz, Grays Harbor, and Pacific Counties)

- Jail Transition works with arrested and incarcerated individuals needing behavioral health care, providing interim assessment and therapy, and helping them transition to a provider in the community.

Peer Bridgers

(available in all five counties)

- Provide lived-in support, guidance, and hope to those discharging from Western State Hospital.

Wraparound with Intensive Services (WISe)

(available in all five counties)

- WISe provides 24/7 and after-hours services in the home to support youth with intensive mental health needs and their families.

Intensive Residential Treatment (IRT)

(available in Cowlitz and Lewis Counties)

- IRT provides 24/7 and after-hours services for people who are discharging from Western State Hospital or residential mental health facilities and need assistance with transitioning to the community.

OUR SERVICES ARE AVAILABLE IN-PERSON AND VIRTUALLY.

CIHS provides in-person services whenever possible. We also offer Telehealth virtual services to individuals covered by Medicaid for mental health, substance use treatment, and assessments.
